IEG PI NOTICE GUIDELINES

Purpose: The purpose of the IEG PI Notice is to provide a rapid means of notifying all other interested IEG PI's of significant new photography or information. Eligible subjects for PI notices include the following:

     a. A first view or an exceptional view of a new weapon or system.

     b. A new pattern or signature.

     c. A significant ground photograph.

     d. A significant piece of collateral information.

     e. The essential characteristics of an as yet unseen weapons system.

     f. Other appropriate subjects receiving branch chief concurrence.

Any PI having a worthy subject is encouraged to complete a notice and submit it to his/her branch chief for approval, printing, and distribution. The original notice should be typed.

Classification: If the subject matter is highly classified, a control card should be filled out at the branch level. The IEG PI Notice coordinator will sign for the document after it receives branch approval.

Subject Area: One of the following please:

Missiles	Economic	Electronics
Defensive Missiles	SALT/MBFR	Unidentified
Nuclear	Ground Forces	Naval Forces
Strategic Industry	Air Forces	General Information

Suggested Distribution: One or a combination of the following please:

1. All PI's	4. SGD PI's
2. WGD PI's	5. MSD PI's
3. EGD PI's	6. SD PI's

Title/Significance: The dozen or fewer words that best summarize the thrust of the notice.

Comment: A brief paragraph which conveys the intended message and/ or explains the illustrations.

Graphic: Any combination of hand-annotated polaroid prints, lab-produced prints, attache or ground photos, and competent hand draw-ings. Please use pencil or black ink for drawings and annotations.

Location(s): If significant, the location of the events, photos discussed. List coordinates if appropriate.

Date(s): If significant, the dates of the foregoing.

Information Source Data: Data sufficient to retrieve the document and/or photography from the appropriate NPIC repository or to query the data base.

Initiated by: The name, division, branch, room number and black and gray phone numbers of the PI originating the notice; the person pre-pared to further explain or to receive comments about its content.

Approved by: Normally, the originating PI's branch chief.

Coordination: The IEG PI Notice Coordinator (who enters notice number and date, and arranges for printing and distribution).
